Banana (peeled)

[Surf Sweets Gummy Worms](#)

Gently flatten a Chocolate Banana Organic Bar on a piece of parchment or waxed paper, making sure it stretches out more but stays intact (for the most part).

Slice the banana into pieces the width of the granola bar. Gently roll the banana in the bar, reforming if necessary. Poke holes in the top of the banana.

Cut a gummy worm into small pieces and insert into the holes at the top of the banana.

Serving sizes vary.
